

TR408-TK

- Special size table.From1220×1300mm~2000×6000mm
- Vacuum table or Aluminum T-slot extrusion table
- Automatic lubricating system
- Mist cooling system
- Machine moving feet
- Servo system
- Dust collecting system
- Different power of spindles

CNC router TR408-TK with tangential knife

Model	Description	TR408-TK tangential knife
1	X, Y, Z working area	1300×2500×200mm
2	Table size	1465×3000mm
3	Resolution	±0.03/300mm
4	Repeatability	±0.02mm
5	Lathe Structure	Welding structure
6	X structure	Rack pinion and linear rails
7	Y structure	Rack pinion and linear rails
8	Z structure	Ball screw and linear rails
9	Max. consume power	10.5kw
10	Max. rapid speed	0-32000mm/min
11	Max. working speed	0-20000mm/min
12	Spindle power motor	3.0kw/4.5kw/6.0kw/7.0kw Italian spindle
13	Spindle speed	0-18000rpm
14	Working mode	Stepper motor
15	Working voltage	AC220V/380V,50/60Hz,3PH
16	Command code	G Code (*uoo,*nc,*mmg,*plt)
17	Operating system	Windows control system
18	Interface	USB
19	System Memory	128M(or flash drive)
20	X,Y Working Delicacy	<0.01mm
21	Software	Artcam express, Vectric, Aspire
22	Packing size	3140×1940×1780mm
23	Gross weight	1200kgs
